

KAIROS 2027 | GRAND EDITION

NATIONAL TECHNICAL HACKATHON

Item	Details
Document purpose	Institutional Proposal, Venue Requisition and Operational Budget
Submitted by	AWS Student Builder Group (AWS SBG) - SIST Chapter
Academic unit	Department of Computer Science & Engineering, School of Computing
Institution	Sathyabama Institute of Science and Technology, Chennai
Proposed dates	22-24 January 2027
Proposed venue	Sathyabama Indoor Stadium
Document reference	SIST/AWSSBG/KAIROS2027/PROP/OFFICIAL-001
Submission date	21 October 2026
Status	Submitted for administrative review; all venue, staffing, financial and institutional resource requests are subject to approval.

Administrative Endorsement and Routing

Designation	Name / Office	Signature	Date
Vice-Chancellor	Dr. B Sheela Rani		
Registrar	Dr. G. Sundari		
Dean, School of Computing	Dr.L.Lakshmanan		
HoD- CSE	Dr.L.Lakshmanan		
HoD- AI&ML,AIR,DS	Dr. Senduru Srinivasulu		
HoD- AI,BCT,CS & IOT	Dr P. Ajitha		
Faculty Coordinator	Dr. K. Ashok Kumar, Department of CSE		
Faculty Coordinator	Dr. Balapriya S, Department of CSE		
SIST AWS SBG Leader & President	Thenappan T - Register No. 44110855		

Submitted for review and approval by the competent institutional authorities.

1. Executive Summary

The AWS Student Builder Group - SIST Chapter proposes KAIROS 2027 (Grand Edition), a free, merit-based national technical hackathon at the Sathyabama Indoor Stadium. The 48-hour competition is planned from Friday, 22 January 2027, at 11:30 AM to Sunday, 24 January 2027, at 11:30 AM. Registration and inauguration occur before the clock starts; demos, awards and venue handover follow the deadline.

Planning measure	Current proposal
On-campus teams	Up to 75 teams; 4-6 students per team (up to 450 contestants).
Planning attendance	Approximately 400 contestants; final cap depends on approved occupancy and staffing plan.
Registration fee	₹0
Cash prize pool	₹1,75,000
Itemized cash budget	₹4,86,900; excludes uncosted principal meals and institutional services.
Projected funding	₹4,50,000, unconfirmed; projected gap ₹36,900 against the itemized cash budget.
Student organizing cadre	Up to 100, subject to an approved roster and shift plan.

Approval principle: no sponsor, venue, staffing, procurement, prize-payment or institutional-service commitment is confirmed by this proposal. Confirm costs, capacity, sponsorship and the funding gap before binding commitments.

2. Academic and Institutional Rationale

The event is intended to let students apply software engineering, cloud computing, cybersecurity, product design and communication skills under time constraints, while creating faculty-industry interaction and documented project outcomes. With appropriate verification, participation records, problem statements, assessment sheets, mentor involvement, repositories and outcome reports may support academic and accreditation documentation.

Success measures will include application volume and geographic spread, finalist attendance, completed submissions, mentor/jury participation, working prototypes and independently documented follow-on incubation, intellectual-property or recruitment outcomes. Media reach, internships and recruitment are objectives, not guaranteed outcomes.

3. Participation and Selection

Stage	Process
National application window	Dates to be announced. Applicants submit an abstract, proposed architecture and team-member details.
Screening target: 6 Jan 2027	Technical reviewers may shortlist up to 100 teams and maintain a waitlist.
Final confirmation	Confirm up to 75 on-campus teams, replacing declines from the waitlist and staying within the approved venue cap.
On-campus finale: 22-24 Jan	Teams build and submit projects; up to 20 teams are scheduled for final live demonstrations.

The outreach target of 2,000 applicant teams is a planning target, not a forecast. Before applications open, publish eligibility, pre-existing-code rules, permitted AI tools, submission requirements, appeals and tie-break procedures. Technical leads must confirm that the 48-hour on-campus format is feasible.

4. Technical Tracks

Track	Scope
Agentic AI and Generative Workflows	Multi-agent systems, retrieval-augmented generation, multimodal applications and practical safeguards.
Cloud-Native Distributed Systems	Event-driven services, reliability, real-time systems and resource-efficient deployment.
Web3, Cryptography and Decentralized Security	Cryptographic applications, smart-contract security and decentralized identity.
FinTech and Digital Trust	Fraud detection, transaction systems, reconciliation and privacy-conscious financial tools.
Open Enterprise Applications and Sustainable Smart Cities	Energy, water, agriculture, healthcare, industry and related public-interest applications.

Track allocation depends on eligible submissions. Sponsors may suggest problem statements; academic and technical leads approve the final briefs and judging criteria. Financial, health or personal data must be synthetic or appropriately anonymized unless separate authorization is obtained.

5. Proposed Event Schedule

The competition clock runs for exactly 48 hours, from 11:30 AM on 22 January to 11:30 AM on 24 January 2027. Venue access is requested from 10:00 AM on 21 January until 8:00 PM on 24 January, subject to approval.

Day	Time	Activity
Thu 21 Jan	10:00 AM-6:00 PM	Venue handover; floor protection; furniture, electrical and network checks; stage/AV setup; check-in rehearsal; safety inspection.
Fri 22 Jan	8:00-9:30 AM	Registration, identity verification and team allocation.
Fri 22 Jan	9:30-11:00 AM	Inaugural programme, subject to guest availability.
Fri 22 Jan	11:00-11:30 AM	Problem-statement briefing and rules.
Fri 22 Jan	11:30 AM	48-hour competition clock starts.
Fri 22 Jan	1:00-2:15 PM	Staggered lunch.
Fri 22 Jan	3:00-5:00 PM	First mentor consultations.
Fri 22 Jan	5:00-5:30 PM	Refreshments.
Fri 22 Jan	8:00-9:30 PM	Staggered dinner.
Fri 22 Jan	9:30 PM onward	Controlled night access and scheduled hostel transfers.
Sat 23 Jan	6:00-8:30 AM	Staggered hygiene and rest-facility access.
Sat 23 Jan	7:30-9:00 AM	Breakfast.
Sat 23 Jan	10:00 AM-12:30 PM	Mentor consultations.
Sat 23 Jan	1:00-2:15 PM	Lunch.
Sat 23 Jan	3:00-6:00 PM	Working-prototype checkpoint.
Sat 23 Jan	5:00-5:30 PM	Refreshments, served in staggered shifts.
Sat 23 Jan	8:00-9:30 PM	Dinner.
Sat 23 Jan	Overnight	Continued development with voluntary rest rotations and controlled movement.
Sun 24 Jan	6:00-8:30 AM	Staggered hygiene and breakfast.
Sun 24 Jan	10:30 AM	One-hour submission warning.
Sun 24 Jan	11:30 AM	Code freeze; 48-hour competition clock ends.
Sun 24 Jan	11:30 AM-12:15 PM	Final submission checks and confirmation of up to 20 live-demo teams. Completeness checks should also be conducted at earlier checkpoints.
Sun 24 Jan	12:15-3:35 PM	Final live demos: up to 20 teams, 10-minute slots including transitions; staggered lunch for non-presenting groups.
Sun 24 Jan	3:35-4:00 PM	Jury deliberation.
Sun 24 Jan	4:00-5:00 PM	Valedictory programme and awards.
Sun 24 Jan	5:00-8:00 PM	Delegate departures, venue clearance and handover.

The final demo plan is feasible only if each of the maximum 20 teams is held to a 10-minute slot inclusive of transitions. The technical committee must publish the running order and finish eligibility checks at earlier checkpoints.

6. Venue, Facilities and Layout

Proposed venue: Sathyabama Indoor Stadium, subject to written confirmation of availability, permitted occupancy, usable floor area, electrical capacity, ventilation/AC, accessible routes, emergency exits and suitability for overnight use.

Indicative layout: team work areas on the arena floor; presentations on the stage; registration, refreshments and medical support near the foyer; and a supervised quiet-rest area in an approved location. The layout must be redrawn to measured dimensions and signed off by Estate, Electrical, Security and Fire Safety teams. Exits, emergency vehicle access and safe routes to toilets and drinking water must remain unobstructed. Cable runs need suitable covers; no attachment to the sports surface without permission.

The current furniture estimate is 80 tables and 300-400 chairs. These quantities are provisional: furniture and the admitted participant cap must be reconciled against the measured layout and total approved occupancy, including contestants, organizing staff, jury and guests.

7. Institutional Resources Requested

Responsible office	Request / dependency
College / venue	Stadium access 21 Jan, 10:00 AM-24 Jan, 8:00 PM; lighting, sanitation, cleaning, available furniture and 24/7 AC, subject to approval.
Electrical / Maintenance	Inspected power distribution, protected cable routes, appropriately rated outlets and backup-power plan.
IT / Network Cell	Wireless and wired connectivity sized to approved occupancy and traffic. Planning specifications: 1 Gbps and 18-20 access points; technical offices to validate need and availability.
University Catering	Seven scheduled principal meal services (Fri lunch/dinner; Sat breakfast/lunch/dinner; Sun breakfast/lunch), with headcounts, dietary needs and costs confirmed.
Transport	Bus access if feasible and supervised internal transport, with a confirmed route, operating hours, driver roster and fallback plan.
Security Office	Access control, emergency procedures, staffing and overnight coverage.
Health Centre	Medical response arrangements and ambulance availability, subject to approval.

8. Participant Welfare and Safety

Continuous event operation does not mean participants must remain awake for 48 hours. Teams may use rest/work rotations without penalty. Drinking water, meals, quiet rest areas and medical access must remain available; night movement between the stadium and dining facilities should be supervised.

Before overnight access, the Security Office, venue administration and Health Centre should approve a written safety plan covering fire and electrical response, emergency exits, overnight staffing, missing-person escalation, incident reporting, medical response and a named incident lead each shift. Controlled access means supervised entry/exit, never physically locking people inside or obstructing evacuation or medical access. A medical post/ambulance is requested subject to approval; the location and emergency contact must be shared at check-in.

Institutional catering, transport, generator fuel, power, network, AC, overtime, cleaning, accommodation and medical/security costs must be disclosed in the approval note, whether charged to the committee or provided in kind.

9. Sponsorship and Funding Plan

No sponsor commitment is confirmed. The proposed funding below remains projected until written sponsor agreements are executed and the institutional seed grant is approved.

Proposed source	Amount
Title sponsor	₹2,00,000
Co-sponsor	₹1,00,000
Four track/associate partners at ₹25,000 each	₹1,00,000
Institutional seed grant requested	₹50,000
Participant fees	₹0
Total projected funding	₹4,50,000

10. Itemized Cash Budget

All rates are planning allowances pending procurement quotations. Corrected subtotals below are calculated from the listed line items.

Category	Itemization / basis	Amount
Cash prizes	Prize pool detailed in Section 11.	₹1,75,000
Arena setup	Tables with linens: 80 × ₹600 = ₹48,000; cable ramps: 25 × ₹320 = ₹8,000; floor-safe tape: 16 × ₹250 = ₹4,000; surge-protection boards: 15 × ₹200 = ₹3,000.	₹63,000
Stage / AV	LED wall rental ₹24,000; PA/audio console ₹14,000; microphones ₹6,000.	₹44,000
Merchandise	Organizing T-shirts: 100 × ₹300 = ₹30,000; badges/lanyards: 400 × ₹100 = ₹40,000; stickers: 400 × ₹12 = ₹4,800; certificates/folders: 400 × ₹35 = ₹14,000.	₹88,800
Refreshments / water	Evening refreshments ₹10,560; overnight refreshments: 2 nights × ₹6,000 = ₹12,000; drinking water: 120 cans × ₹30 = ₹3,600; beverage equipment/cups ₹3,040.	₹29,200
Jury hospitality	Lounge refreshments: 35 × ₹350 = ₹12,250; jury luncheon: 30 × ₹250 = ₹7,500; mementos: 18 × ₹425 = ₹7,650.	₹27,400
Branding / trophies	Stage backdrop ₹10,500; sponsor/track standees: 12 × ₹800 = ₹9,600; entrance banner ₹2,200; trophies: 9 × ₹400 = ₹3,600.	₹25,900
Operations / contingency	Arena lighting/decor ₹5,000; printing/scoring supplies ₹2,600; operational contingency and cost-verification reserve ₹26,000.	₹33,600
TOTAL ITEMIZED CASH BUDGET	Excludes uncosted principal meals and institutional services described in Section 7.	₹4,86,900

Funding Position and Controls

Projected funding: ₹4,50,000. Itemized cash budget: ₹4,86,900. Current projected shortfall: ₹36,900, before adding any uncosted principal meals or other institutional services. Do not commit to prizes or non-refundable purchases until funds are received or an authorized office approves documented underwriting.

The ₹26,000 contingency is included in the budget but remains uncommitted; it is not a quotation. Any unused amount must remain unspent or be handled under finance rules. The estimate also assumes 400 badge/certificate kits; revise quantities and costs if the approved headcount is higher. Verify the ₹300 T-shirt rate, multiday rates, taxes, delivery, setup and staffing. Sponsor agreements must be institutionally approved. Résumés/personal data are not shared by default; recruitment contact must be opt-in and disclose recipients and purpose. Sponsor mentoring/judging is subject to conflict-of-interest rules.

11. Cash Prize Pool and Award Rules

Award	Amount
Grand National Champion	₹60,000
First Runner-Up	₹35,000
Second Runner-Up	₹20,000
Five track awards at ₹7,000 each	₹35,000
Best All-Women Developer Team	₹10,000
Best Freshman / Debutant Team	₹7,500
Most Scalable Cloud Architecture	₹7,500
TOTAL CASH PRIZES	₹1,75,000

Publish award eligibility, whether a team may receive multiple awards, tax documentation and payment timelines before the event. Prize payments remain subject to institutional finance procedures. The nine trophies currently budgeted should be reconciled with the 11 listed award categories and final award format.

12. Evaluation and Judging Integrity

Criterion	Points
Technical architecture, reliability and scalability	30
Originality and quality of problem-solving	25
Working prototype and user experience	25
Practical value and pitch defense	20
TOTAL	100

Friday evening and Saturday afternoon checkpoints are planned. Before the event, publish how checkpoint scores affect finalist selection and final awards. Check submissions against the rules; repository history may inform originality review, but automated plagiarism detection alone cannot establish misconduct. Concerns require human review, a recorded decision and an appeal route. Judges must disclose sponsor, mentoring or personal conflicts and recuse themselves where necessary.

13. Organizing Committee

Function	Proposed lead	Register no.	Primary responsibility
Sponsorship and Finance	Nangaiyar M	44612059	Sponsor coordination; finance documentation.
Technical and Infrastructure	Shanmugapriyan	44110756	Submission systems, technical support and IT liaison.
Operations and Logistics	Viswanathan Ashok	44110907	Venue layout, supplies and transport coordination.
Design and Branding	Rikish B	44110664	Event visuals, signs and participant materials.
Media and Public Relations	Caroline Mary McPherson	44110124	Communications and approved event coverage.
Safety, Hospitality and Governance	Hemavarshine S	44110263	Guest coordination, welfare and security liaison.

Student Builder Group Leader and President: Thenappan T (44110855). Faculty Coordinators: Dr. K. Ashok Kumar and Dr. Balapriya S, Department of CSE. The proposed 100-person organizing cadre requires a roster listing role, shift, supervisor, training and emergency contact. Volunteers must not replace qualified security, electrical, medical or transport staff.

14. Administrative Approvals Requested

Approval area	Decision requested
Event and venue	Approve the Indoor Stadium and access from 21 Jan, 10:00 AM, to 24 Jan, 8:00 PM, subject to venue rules and signed-off floor plan.
Overnight operations	Approve supervised overnight participation, rest and movement under a Security Office-approved safety plan.
Facilities	Assess and approve furniture, electrical supply, backup power, network, climate control, sanitation and cleaning.
Dining and accommodation	Confirm seven meal services, headcount, dietary needs, actual hostel beds/rooms, bathing access and associated costs.
Transport, security and health	Approve bus/internal transport arrangements, security staffing, emergency response and medical support.
Financial	Consider the ₹50,000 seed grant; approve procurement and prize-payment procedures subject to confirmed funding and resolution of the projected shortfall.
Academic	Consider On-Duty attendance for eligible organizers and participating SIST students on approved dates, in accordance with institutional rules.

Pre-Approval Deliverables

Before any binding commitment, the committee will submit the final participant cap; measured venue layout and occupancy sign-off; supplier quotations; documented sponsorship/underwriting; a reconciled funding plan; seven-meal and institutional-service cost estimates; detailed staffing/shift roster; transport plan; and written safety and emergency plan.

15. Undertaking

The organizing committee undertakes to conduct KAIROS 2027 in accordance with university policies and approved safety, finance and academic procedures. Participants will receive the code of conduct, competition rules, welfare arrangements and emergency contacts before the event. After the event, the committee will submit an expenditure statement and an outcome report based on documented results.

Respectfully submitted by,

Thenappan T
